MISSIONS

RRG Mining carries the mission to strongly focus on developing an effective, sustainable eco-system where customers can safely invest and earn profit together.

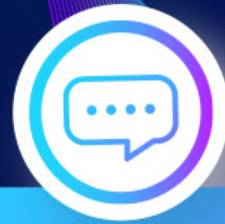

OBJECTIVES

Construct, refine, and most effectively implement hash rate rental services for customers and the Aleo community.

Establish and operate new cryptocurrency mining factories in Southeast Asia, Central and South Asia, Oceania, and the Americas.

Develop a customer community in the company's key markets: Eastern Europe, Asia Pacific, Oceania, and South America.

Collaborate with other stakeholders to build a sustainable Aleo ecosystem and community in the future.

Execute marketing campaigns for hash rate rental services in the above regions.

GOALS

Establish and operationalize 5 more cryptocurrency mining factories in the 2023-2025 period.

Achieve a total capacity of 100,000,000 pps in the 2023-2025 period.

Sustain a position in the top 10 largest Aleo mining nodes globally.

Attract an investment of 50 to 100 million dollars from the hash rate rental business.
